MOST EXTROVERTED GEEK

Philosopher by training, bridge-maker by habit. My convictions: 1) Coding syntax made 1% define our digital landscape, now **99% can build Software in a day**. Soon Hardware too. New tech paradigm needs new culture.

7 hackathons organised · 6 attended and 3 hackathons won

From Partnerships, logistics, MC, digital challenge environment, recruiting: I have ran the full stack.

A year ago, adopted a CLI, won 3 hackathons, incl. a Formula3 day at Spa-Fr from Loop Earplugs at Wintercircus

72 citizens · 33 recommendations

Brussels Region Citizen Assembly (Food, cycle 2). I led the food-waste and data-gathering recommendations, and I sit on the 7-person committee that carries the assembly's recommendations to the minister's cabinet.

20+ Communities curated, went through close to a hundred :

From sports (Founders Running Club) to networking (Event Managers Exchange, HackathonHub.EU), dancing (USDV), neighbourhood (BXL), political movements (SVOO). Most things in life are linked to a community!

EXPERIENCE

Interim to serial Founder. Skipped the jobs.

SEVEN EVENTS *Boutique Events Studio for European Innovation* *Cofounder, Chief of Staff · 2025 - Present*

- With Sona Stepanjan (ex-EEAS) and Jérôme Leclanche (11M exit, CTO). A-players across the board.
